Internet

Website and social media sites can provide information to potential clients on what an organisation offers. We are not responsible for the privacy practices of linked websites and any linked websites are not subject to our privacy policies and procedures.

We will ensure that no confidential information can be gained from the centre's website or social media site. Individuals and services are not obliged to give personal information through the website or social media site.

We will ensure that information gained via email can only be used by administration staff or management to contact a person, offer or send information about the service and to request feedback on the website, social media site or service provided.

We will ensure that information gained about users from the website and social media site will only be used for statistical research for the organisation to ascertain future development of the website and social media site. We will not disclose or publish any information related to educators, children or families without written consent from that individual or their family.

We will develop guidelines for educators regarding their participation with families currently connected with the centre on social media sites such as Facebook, Instagram and Twitter.

Company representatives are advised that it is inappropriate, and it is unacceptable for them to make insulting, intimidating or otherwise offensive remarks about current, or past employees, or about any aspect of the company's operations (including in relation to parents, families and children or any aspect of the company's operations) on social networking sites, including but not limited to blogs, chat rooms, Twitter, Instagram, Facebook and similar, or in any other forum or medium, electronic or otherwise, in any form.

Company representatives found breaching this policy requirement will be subject to disciplinary action and depending on circumstances may be subject to termination of employment and/or legal defamation or other proceedings.

The company does not condone, in any way at all, company representatives using 'public forums' of the type listed above to make inappropriate or offensive comments.

Company representatives are encouraged not to use their personal accounts to comment on company social media pages. The admins of the social media pages are to represent the company and answer questions and make comments to encourage interaction.

Information Storage and Security

Personal information collected by us will be stored securely in paper form or electronically at an Imagine Childcare centre and/or at Imagine Education Group Support Office.

We may store, process or back-up your personal information on computer servers that are located overseas, including through third party service providers who assist us in operating our business. Only authorised employees from us and third party service providers will have access to your information and this access will be structured in such a way as to ensure the use and

disclosure as stated above. We will take reasonable steps to protect any personal information that we hold from unauthorised access, modification, misuse, loss and disclosure.

Court documents and subpoenas

When a subpoena is being prepared to request documentation from one of our centres, you must address the subpoena to the correct legal entity.

We strongly encourage you to ask us which legal entity operates the centre from which you to obtain documents. Please direct questions to this email address: enrolments@imagineelc.com.au

If you issue a subpoena to the incorrect legal entity or an entity that does not exist, you will not receive documents from a different entity [which may be the entity who holds the documents you want].

Where a subpoena is for a named staff member, we will seek authority from the staff member to accept the subpoena on their behalf. A solicitor will confirm if and when service has been accepted.

We will not accept service for personal legal matters unconnected to the work of our centres.

How to effect service

Any subpoenas or requests for giving evidence at court are to be sent to enrolments@imagineelc.com.au for the attention of the Manager Administration.

- We encourage service by e-mail.
- Please do not send us court documents by regular post.
- To avoid disruption at our centres, please do not try to serve them at a centre personally.

Staff at our centres are not authorised to accept service of any court document and the registered office of the legal entities that own the centres, is not at the centre itself.

Nothing in this statement is a representation that we will automatically comply with any court document, including a subpoena.

We reserve the right to object to any document, should that be an appropriate course of action to take in the circumstances of a particular matter.

Amendments to this Privacy Policy

We may change this Privacy Policy at any time without prior notice. When we do so, we will notify you of the changes by posting an updated version of the policy on our website.

Privacy Act

This policy is provided for your information and is not intended to limit or exclude your rights under the Privacy Act.

 - not disclose or publish any information related to educators, children or families without written consent from that individual or their family;
 - develop guidelines for educators regarding their participation with families currently connected with the centre on social media sites such as Facebook, Instagram and Twitter.

Educators:

Company representatives are advised that it is inappropriate, and it is unacceptable for them to make insulting, intimidating or otherwise offensive remarks about current, or past employees, or about any aspect of the company's operations (including in relation to parents, families and children or any aspect of the company's operations) on social networking sites, including but not limited to blogs, chat rooms, Twitter, Instagram, Facebook and similar, or in any other forum or medium, electronic or otherwise, in any form.

Company representatives found breaching this policy requirement will be subject to disciplinary action and depending on circumstances may be subject to termination of employment and/or legal defamation or other proceedings.

The company does not condone, in any way at all, company representatives using 'public forums' of the type listed above to make inappropriate or offensive comments.

Company representatives are encouraged not to use their personal accounts to comment on company social media pages. The admins of the social media pages are to represent the company and answer questions and make comments to encourage interaction.

Evaluation

The centre's website and social media site is an information resource available to perspective families as well as current families and educators and abides by current legislation.
